

## Bake a Pie

*Create a new taste sensation & serve it to friends*

Pie = piecrust + filling. That's where the traditional ends for you. What will you fill your pie with? Get creative then invite friends for dinner

A curry crust with tandoori filling? Coconut crust with mango custard? Apple pie with chocolate chips? What about a rice crust filled with sashimi?

## Tie a Knot

*creativity card #2*

*Wind yourself up*

Grab a piece of string or rope, twine, shoelace, whatever you have handy will do. Create a fancy Celtic style knot. It should twine around itself and form a closed loop. Can you make one that is both lovely and strong?

## Match a Color

*creativity card #3*

*Recreate one shade in your room*

Get your colored pencils, paint or crayons. Find something in your room with a solid color. Try to match the color exactly.

Hint: beige tones are difficult to match!

# Write a Song

## *Serenade your family*

First select a style of music, then choose a topic for the lyrics. Now go to town. Don't forget to perform it! Here are some ideas to get you thinking:

Heavy metal + rhinoceros  
Country western + birthday cake  
Blues + sunning on the beach

Reggae + laundry  
Jazz + computers  
Chanson + credit cards

## Create a Hat

creativity card #5

*Make yourself an outlandish hat and wear it to dinner*

A cap? A trilby? A pillbox? A bonnet? So many shapes to start with, but if you're unsure, try a paper plate or an old baseball cap as a base.

Decorate it lavishly with feathers, construction paper, fruit, stuffed toys, wire, beads, neckties, bottlecaps, origami cranes, and if the cat will sit still, she's fair game.
