

# Tetrapocket

Kristen McQuillin, [mediatinker.com](http://mediatinker.com)

Try in a variety of sizes, from coin purse to shoulder bag.

The pattern is a T shape 2 units wide by "2 and a little bit" units high. The little bit will vary with the size of the bag and the thickness of the fabric. For a small pouch made of felt, 2.15 is about right.

*materials:*

felt or stiff fabric  
thread, needle  
optional beads

*procedure:*

1. Fold to form L
2. Stitch from A to B
3. Stitch across C
4. Decorate as desired with beads or felt at X

To close pouch, press B to center, then fold C down over the stitched corner.
